Category Saddle Trees :

Stock Standard Saddle Tree (3 ½" Cantle)

Description:
Built using a high-strength polyurethane and industrial-grade carbon fibre composite, our Stock Standard Saddle Tree is exceptionally light yet incredibly tough. It is engineered for long-lasting performance and maximum durability under demanding conditions. The ergonomic design provides your horse with optimal freedom of movement, preventing soreness and injury during long rides.

Specifications:
Weight: Approx. 3 kg
Cantle Height: 3 ½"
Available Sizes: 13", 13.5", 14", 14.5", 15"

Stock Saddle Tree (3 ¼" Cantle)

Description:
Featuring a lower 3 ¼" cantle profile, this fully moulded saddle tree leverages high-strength PU and carbon fibre technology to provide an ultra-light. Built to protect your horse from soreness and restriction, it delivers all-day comfort and stability without adding unnecessary weight.

Specifications:
Weight: Approx. 3 kg
Cantle Height: 3 ¼"
Available Sizes: 13", 13.5", 14", 14.5", 15"
